

IntelliBrite® White LED

Commercial White Lighting

Pure White Lighting

Assure the purest and whitest illumination in your commercial water with the IntelliBrite® White LED. With an array of 32 LEDs, and equivalent 500 watts of incandescent light the commercial IntelliBrite White LED enhances the beauty of commercial water features, water theme parks and municipal pools. Energy-conscious LED bulbs offers conservative power consumption with powerful illumination. Let Pentair Water Commercial Pool and Aquatics' IntelliBrite White LED commercial lighting systems delight evening swimmers.

Standard Features

- IntelliBrite White LED uses 70 watts of power
- The brightest white LED pool light on the market
- Superior lens geometry and exclusive reflector design combine to create a wider beam and more uniform light distribution
- Independent LEDs, stay individually illuminated
- LED technology provides longer bulb life
- Solid state technology with no internal filament
- Compatible with Pentair stainless steel and plastic niches
- Available in 120V and 12V versions

IntelliBrite® White LED

by Pentair Water Commercial Pool and Aquatics™

Drawing shows unique lens and reflector designs which combine to provide superior light beam distribution.

Installation requires meeting electrical requirements and standard local codes.

An Eco Select™ Choice

LED (Light Emitting Diode) pool and spa lights are the most energy efficient pool and spa lighting option available. That's why IntelliBrite® White lights are the Eco Select choice.

The Eco Select brand identifies our "greenest" and most efficient equipment choices. These products save energy, conserve water, eliminate noise, or otherwise contribute to a more environmentally responsible equipment system.

As the global leader in pool and spa equipment manufacturing, we strive to provide greener choices for our customers. We hope you will join us in embracing more eco-friendly pools by choosing Eco Select products for your swimming pool.
